2017 Annual Fund Report

BECAUSE OF YOU, OUR COMMUNITY IS STRONGER AND HAPPIER.

Your gift to the University Y Annual Fund was meaningful. **Thank you!**

Because of your kindness, George, a first-generation college student, is connecting with his peers and finding comfort away from home.

Because of your support, Sonia, a pre-med junior, is attending a weekend leadership conference where she will gain the skills and tools to be effective in advocating for her community.

Because of you, Jabari, a UY alum and recent graduate, stays connected with current students by mentoring and volunteering alongside them in your community.

These are just a few examples of how your gift is working. Because of donors like you, and our community partners, a total of \$103,071 was gifted to the University Y in 2017.

With gratitude,

Jenny Collins
Executive Director

P.S. Your investment ensures every student has a home away from home at the UY. Thank you for changing lives.
