# ABOUT MODEL UNITED NATIONS

Model United Nations is a one-of-a-kind opportunity for students to come together and explore new perspectives—even in an era when COVID has changed the world so greatly. For three days every spring, participants take on the role of diplomat from another country for three days, forming alliances, learning about issues, and meeting new friends from all over the state.

We will have special features in this year's virtual conference, including focused discussions on current issues, a wide variety of social events, engaging evening activities, time for small-group reflection and chances for recognition.

This won't be like the average school day—it will be filled with engagement and interaction, in sessions led **by youth, for youth.**

"I've gained confidence in my abilities, developed my leadership skills and opened my eyes to all that there is outside my little bubble. My life has changed for the better because of MUN. It gave me friends and a purpose."

"Thank you for providing a platform of discussion for students with similar passions. Without MUN, I wouldn't have found my people."

"MUN has always been like home to me, the delegates here are family and they make me feel loved. I cherish this opportunity to grow and to meet new friends – an opportunity few other programs can provide."

## CODE OF CONDUCT & DRESS CODE

YIG programs promote a trust-based Code of Conduct. We expect that all delegates will conduct themselves in a mature and respectful manner. The Code outlines expectations for conduct and possible consequences for not following those expectations.

In our virtual environment, everyone is expected to wear business attire during Program Area time, while during evening activities and other personal time, students are allowed to dress more casually. We don't expect students to buy new clothes to attend Model UN – the dress code has a wide range of what is considered "business" attire.

The full text of the Code of Conduct can be found on our website, [ymcayouthvoice.org](http://ymcayouthvoice.org).

"I feel like I learned much more at Model UN than I could've learned in any class. And it was a very fun learning experience!"

"Model UN is my family. Over my years in the program I have met people who I will stay in touch with my entire life. I have created bonds that are unbreakable. MUN is such a crucial program – the learning and the connections you make will affect the rest of your life."
