OUR CAUSE, YOUR IMPACT

At the YMCA, we know that solving the complex challenges people face takes bold work. That's why we relentlessly pursue new ways to build thriving communities that will last for generations. We push what's possible, challenge limits and open doors so everyone has an equal chance to succeed.

Together we connect kids with opportunities to discover and develop their potential.

In 2018 more than 14,000 youth from the Greater Twin Cities came to Camp St. Croix for summer camps and outdoor education programs. At camp, those youth built healthy habits, developed new skills, and made friends in a safe, welcoming environment.

Supported by donors to the Annual Fund, Camp St. Croix was able to say "yes" to every school group and camper that requested financial assistance, allowing 3,245 kids to become campers who otherwise could not have.

Together we improve our community's health.

More than 21,000 people young and old came to Camp St. Croix in 2018. While at camp they combated nature-deficit disorder, were active in a healthy environment, and strengthened community bonds.

Together we develop cause-driven leaders.

In 2018 more than 240 teens took part in Camp St. Croix's Leadership Development Programs. They took on real responsibility and learned through service to their communities, growing into the next generation of leaders at camp and beyond.

Together we unite people from all backgrounds.

Approximately 140 young people from underserved populations took part in Camp St. Croix's Boys and Girls Outdoor Leadership Development Program in 2018, an effort specifically aimed at assuring youth from all backgrounds can benefit from camp's programs. Through collaboration with other incredible community organizations, we magnify our impact and extend our reach throughout the Greater Twin Cities.
