OUR CAUSE, YOUR IMPACT

At the YMCA, we know that solving the complex challenges people face takes bold work. That’s why we relentlessly pursue new ways to build thriving communities that will last for generations. We push what’s possible, challenge limits and open doors so everyone has an equal chance to succeed.

Camp Widjiwagan helps young people develop respect for themselves.

Widji trips are more than just wilderness adventures. They are experiences that test campers’ limits and help them reach their potential, building self-confidence and teaching new skills. What campers learn on trail transforms their lives, and they return as stronger leaders, assured in their abilities to make our community better.

Camp Widjiwagan helps young people develop respect for the environment.

Widji provides authentic, unplugged wilderness experiences that challenge young people to grow physically, mentally and emotionally. Widji campers develop a deep appreciation for nature and learn how to take care of their environment.

Camp Widjiwagan helps young people develop respect for community.

Widji brings people together from a variety of cultures and backgrounds. As members of a trail group, campers become a team that works together and uses everyone’s individual strengths to accomplish collective goals. Campers develop a new appreciation for their roles – and the roles of others – in the world we share.
