## About Y Youth Development

The Y is the starting point for many youth to learn about being active and developing healthy habits they'll carry with them throughout their lives. And the benefits are far greater than just physical health. The Y is offering a variety of youth classes ranging from sports, crafts, dance, special interests and more.

Whether it's gaining the confidence that comes from learning to swim or building the positive relationships that lead to good sportsmanship and teamwork, participating in sports at the Y is about building the whole child, from the inside out.
