## INSTRUCTIONS FOR THE UND-2 FORM

The UND-2 form is the delegate assignment form for each country's group (grades 7 – 8). Complete this form and submit it in tandem with the country's online registrations. **The UND-2 is required before a country can be assigned and seated for the program.**

### Background to Delegate Assignments

- If a country has members on the Junior ECOSOC, that delegate will meet there for the entire Model United Nations Assembly.
- Delegates to the General Assembly must be assigned to General Assembly Committees. Assign members to separate General Assembly committees.

### Step-by-Step Process to Complete UND-2

1. Consult country members for preferences on committee assignments.
2. If a country holds seats on the Junior ECOSOC, **assign that delegate first.**
3. Assign all other delegates to a maximum of three of the five General Assembly committees. **(If you have one GA delegate, only assign to 1 committee. If you have two GA delegates, only assign to 2 committees. If you have three GA delegates, only assign to 3 committees.)**
4. Once the UND-2 form is completed, copy it so that the Delegation Director will have a record of the country's assignments. Submit the country's UND-2 at the time of registration. Remember that registrations will not be considered complete without both the country's UND-2 and online registrations for all the country group's delegates submitted.

**Incomplete registrations cannot be processed!**

**Countries will not be assigned without the minimum number of delegates being registered.**
